**ACP eligibility criteria will be used to determine a customer's eligibility to receive Connect2Compete Plus internet service. Merely being "eligible for ACP," however, does not mean the household has enrolled in the ACP with Mediacom or may apply the ACP benefit to this plan. In order to receive an ACP benefit for this service plan, an eligible household must be enrolled in the ACP and select Mediacom as its service provider. If an eligible household already receives an ACP benefit from another service provider, it may not receive an additional ACP benefit from Mediacom. Eligible households are limited to one monthly ACP benefit. The ACP is a government benefit program and if it ends, or when a household is no longer eligible, customers will be subject to Mediacom's regular rates, terms and conditions.

Bundled Packages

Mediacom makes certain bundled packages available for purchase; the standard rate for bundled packages can be found by adding the standard rates for the separate services, which can be found above. If you have specific questions concerning bundled packages, call Mediacom at 1-855-633-4226.

Legacy Packages & Equipment

You may be subscribed to a service or bundle or have equipment that is for current package subscribers only and not available for new subscriptions. If you have specific questions concerning your services or equipment, call Mediacom at 1-855-633-4226. For specific questions about your Internet service level and associated monthly usage allowance read Additional Terms & Conditions-Monthly Usage Allowance.

Billing Policies

Services are billed one month in advance. Payments are due by the tenth day after the "bill from" date, after which a late payment charge will apply. Seven days advance notice is required for termination of service. All leased equipment must be returned.

Taxes and Fees

Listed rates do not include franchise fees; copyright fees; sports/local broadcast surcharges; federal, state and local taxes; or governmental regulatory fees.
